**Areas of Greatest Need:**

Response: Attachment A identifies the revised areas of greatest need within the city of Arlington. The original target area was defined by evaluating:

- 1) Actual foreclosures for the prior six month period;
- 2) Vacant foreclosures based on utility shut off records;
- 3) Census block groups with high foreclosure abandonment risk based on decline in home values, high cost loans issued from 2004-2006, unemployment rate, and vacant residential addresses as of June 2008; and
- 4) Census block groups with 51 percent or more of the residents earning less than 120 percent of Area Median Income.

The program target area has been expanded because many households are experiencing difficulty locating a foreclosed home that meets their family and budgetary criteria within the original target area. In addition to the criteria identified above, the expanded target area was defined by evaluating:

- 1) Actual foreclosure data for the 12 month period ending December 31, 2009;
- 2) Data from HUD's foreclosure and abandonment risk website
- 3) High risk loan data available from the Home Mortgage Disclosure Act via Foreclosure-Response.org

Resources above provided statistical data demonstrating the greatest percentage of home foreclosures, areas with high percentages of homes financed by high risk loans, and areas likely to face a rise in rate of home foreclosures.

The revised target area for the proposed activities includes the following census tracts in Arlington: 1113.03, 1114.01, 1114.02, 1115.14, 1115.16, 1115.18, 1115.19, 1115.21, 1115.22, 1115.24, 1115.25, 1115.32, 1115.34, 1115.40, 1115.41, 1115.42, 1115.43, 1115.44, 1115.46, 1217.04, 1219.02, 1220, 1221, 1228, and 1229.

**Distribution and and Uses of Funds:**

The City of Arlington will distribute NSP funds to the areas of greatest need as illustrated by the revised map in Attachment A and the revised budget found in Attachment C. Data used to develop the revised map consists of components identified within the three categories in the NSP guidelines:

- a) Areas within Arlington that have the greatest percentage of home foreclosures,
- b) the highest percentage of homes financed by a sub-prime mortgage related loan, and
- c) areas within Arlington that are likely to face an increase in home foreclosures.

The revised target area is an expanded area, defined using previously established parameters cited above, and HUD's NSP Mapping Tool which defines the areas of greatest need based upon a foreclosure risk score and a vacancy risk score, and data from the Home Mortgage Disclosure Act regarding high risk loans. It is recognized that the Mapping Tool's estimated rate of foreclosure does not reflect "real" numbers of foreclosures but rather reflects neighborhood characteristics that are indicators of a high level of risk for foreclosure. However, an analysis of actual foreclosures occurring in 2009, shows that 70% of foreclosures in the City of Arlington have actually occurred in the proposed target area.

The vacancy risk score is calculated for census tracts which have a "foreclosure risk" score of 10 or higher and where the number of US Postal Service residential addresses represents at least 75 percent of the total housing units in a census tract as of 2000. If this criterion is not met, the census tract vacancy rate score is based on the foreclosure risk score. If scored for vacancy, a score is obtained

based upon a ranking received by multiplying the estimated foreclosure problem rate by the vacancy rate, with the vacancy rate being equal to the percentage of addresses 90 days or more vacant as a percent of all addresses in the census tract.

Activities performed under NSP will be targeted to meet the identified areas of greatest need as presented in Attachment A. Targeted census tracts include 1113.03, 1114.01, 1114.02, 1115.14, 1115.16, 1115.18, 1115.19, 1115.21, 1115.22, 1115.24, 1115.25, 1115.32, 1115.34, 1115.40, 1115.41, 1115.42, 1115.43, 1115.44, 1115.46, 1217.04, 1219.02, 1220, 1221, 1228, and 1229.

### **Definitions and Descriptions:**

(1) Definition of "blighted structure" in context of state or local law.

Response: The City of Arlington will define "blighted structure" as a property that is deteriorated, deteriorating or otherwise determined to be a substandard structure that constitutes a threat to human health, safety, and/or public welfare.

(2) Definition of "affordable rents." Note: Grantees may use the definition they have adopted for their CDBG program but should review their existing definition to ensure compliance with NSP program -specific requirements such as continued affordability.

Response: In the event that activities involving rental units are carried out as part of this grant, the City of Arlington will adopt the HOME affordable rent standards located at 24 CFR 92.252(a) (c) and (f).

(3) Describe how the grantee will ensure continued affordability for NSP assisted housing.

Response: For the purposes of homeownership, the City of Arlington will adopt the HOME affordability requirements located at 24 CFR 92.254 which will be imposed through deed restrictions and will ensure affordability by imposing recapture requirements as defined in the City of Arlington's Consolidated Plan.

Homeownership Assistance

Under \$15,000  
5  
\$15,000 to \$40,000  
10

(4) Describe housing rehabilitation standards that will apply to NSP assisted activities.

Response: For the purposes of housing rehabilitation activities performed in the NSP grant, the City of Arlington will adopt the housing rehabilitation standards utilized in its CDBG and HOME funded Housing Rehabilitation Program. The housing rehabilitation standards require dwelling units to meet applicable local code.

### **Low Income Targeting:**

The City of Arlington will designate a minimum of \$511,064 (25%) of NSP funds to benefit individuals or families at or below 50% of Area Median Income (AMI). Activities will include the purchase and redevelopment of abandoned or foreclosed homes or residential properties for sale or rent to households whose income does not exceed 50% of AMI; acquisition, rehabilitation, and resale of homes to households whose income does not exceed 50% of AMI; and homebuyer assistance for households whose incomes do not exceed 50% of AMI. The revised budget estimates that \$863,492 will benefit individuals or households whose incomes does not exceed 50% of AMI.

### **Acquisition and Relocation:**

The City of Arlington will acquire 10 foreclosed properties for acquisition/ rehabilitation or acquisition/demolition/reconstruction. Five properties will be made available to households earning at or below 120% of the AMI and five will be made available to households earning at or below 50% of the AMI. The City seeks to acquire vacant foreclosed homes in compliance with HUD regulations for NSP. The City will designate the Arlington Housing Authority to use a portion of its allocation of NSP funds to acquire, rehabilitate and sell or acquire, demolish and redevelop single family housing on the site and sell the properties to qualified homebuyers. The Arlington Housing Authority is uniquely qualified to purchase deeply discounted foreclosed homes under the HUD Real Estate Owned (REO) program. HUD REO properties are occupied by persons displaced from Hurricane Katrina. Occupants of the HUD REO properties may be entitled to relocation assistance under the Uniform Relocation Act and Real Property Acquisition Policies Act and under section 104(d) of the Housing and Community Development Act of 1974. The Arlington Housing Authority, as the purchaser, would be responsible to comply with the applicable provisions of these Acts and provide relocation assistance as may be required. Relocation assistance may include moving costs, utility connection and disconnect fees, and rental assistance. It is anticipated that a substantial portion of relocation assistance may be satisfied through issuance of a special allocation of Housing Choice Vouchers for Hurricane Katrina evacuees to eligible households occupying the HUD REO units.

### **Public Comment:**

Following is a summary of comments received during the comment period and public hearing held March 10, 2010.

The expansion of the target area received support by citizens and local realtors who expressed that homebuyers have had difficulty finding a home that meets their needs within the existing target areas. Comments received expressed that the expanded target area is anticipated to provide greater opportunity and selection to qualified homebuyers.

A total of six unduplicated comments were received from Arlington residents supporting the proposed amendment to the NSP Plan. Three written comments were received during the public comment period and three comments were received during the public hearing.

**Activity Description:**

The areas of greatest need for demolition activities will be the highest risk census block groups in East Central Arlington. The expected benefit to income-qualified persons is homebuyer assistance for an affordable housing unit or development of a public facility such as a pocket park in a low income neighborhood.

This activity includes the acquisition, demolition and redevelopment of single family housing.

**Location Description:**

This activity will be made available to individuals and families who will reside within the areas of greatest need as illustrated in Appendix A. Targeted census tracts include 1113.03, 1114.01, 1114.02, 1115.14, 1115.16, 1115.18, 1115.19, 1115.21, 1115.22, 1115.24, 1115.25, 1115.32, 1115.34, 1115.40, 1115.41, 1115.42, 1115.43, 1115.44, 1115.46, 1217.04, 1219.02, 1220, 1221, 1228, and 1229.

**Activity Progress Narrative:**

This activity includes acquisition, demolition, and redevelopment of a single family property. Property located at 3107 Selfridge was acquired in early 2010 and demolished in October 2010. Funds expended to date include \$24K for acquisition, \$17K for demolition and other expenditures related to property taxes, asbestos abatement and other.

During this reporting period the Developer began work on an Request for Qualifications for architectural and engineering services to begin the redevelopment activity.

**Activity Description:**

Homebuyer assistance will be provided to qualified, income-eligible households for the homes acquired and rehabilitated in the areas of greatest need. The City will connect the NSP funds to programs for very low income households such as the Family Self-Sufficiency Program, Safe Haven Domestic Violence Shelter, and transitional housing programs for homeless persons. The expected benefit to income-qualified persons is homebuyer assistance for an affordable housing unit. Persons who have defaulted on a mortgage are not eligible for this program.

**Location Description:**

This activity will be made available to individuals and families who will reside within the areas of greatest need as illustrated in Appendix A. Targeted census tracts include 1113.03, 1114.01, 1114.02, 1115.14, 1115.16, 1115.18, 1115.19, 1115.21, 1115.22, 1115.24, 1115.25, 1115.32, 1115.34, 1115.40, 1115.41, 1115.42, 1115.43, 1115.44, 1115.46, 1217.04, 1219.02, 1220, 1221, 1228, and 1229.

**Activity Progress Narrative:**

All available activities have been completed. Additional activities may be undertaken with program income generated from other NSP activities.  
18 Households were assisted with down payment, principal reduction, closing costs, and housing rehabilitation.
